

Lab task no : 03

Name :M Qasim

Roll no: 010

 C:\Users\dell\Desktop\lab tasks\LAB TASK 03.exe

```
1->2->3-> NULL
-----
Process exited after 0.1313 seconds with return value 0
Press any key to continue . . .
```

Explanation is :

Node stores data and a pointer to the next node. `LinkedList` manages the list with `head` pointing to the first node. `insertAtStart` adds a node to the beginning, and `insertAtEnd` adds one to the end. `display` prints the list's contents. The `main` function demonstrates insertions, showing the list's state after each.
